About

Luansamrit Consultants Co., Ltd. (LASCON) is a leading maritime services company in Thailand, dedicated to delivering accurate, reliable, and comprehensive solutions to clients across the maritime industry. Established in 2001, LASCON has built a strong reputation over 25 years through its commitment to operational excellence, safety standards, and environmental responsibility.

With extensive industry expertise, LASCON provides a wide range of maritime services including marine survey, mooring gang operations, general ship supply, underwater inspection, transportation services, and maritime consultancy. Our experienced team of maritime professionals is committed to delivering efficient and high-quality solutions tailored to meet the diverse operational needs of our clients.

Driven by professionalism, integrity, and customer satisfaction, LASCON continues to be a trusted partner for shipping companies, port operators, offshore businesses, and organizations operating within the maritime sector.

Why LASCON?

With over 25 years of experience in the maritime industry, LASCON is committed to delivering reliable, efficient, and professional maritime solutions tailored to our clients' needs. We proudly serve shipowners, cargo owners, traders, and logistics companies with a strong focus on service quality, safety, and customer satisfaction.

Backed by an experienced team and comprehensive maritime expertise, LASCON has built long-term partnerships and earned a trusted reputation within the industry.

Our Services

Bunker Survey:

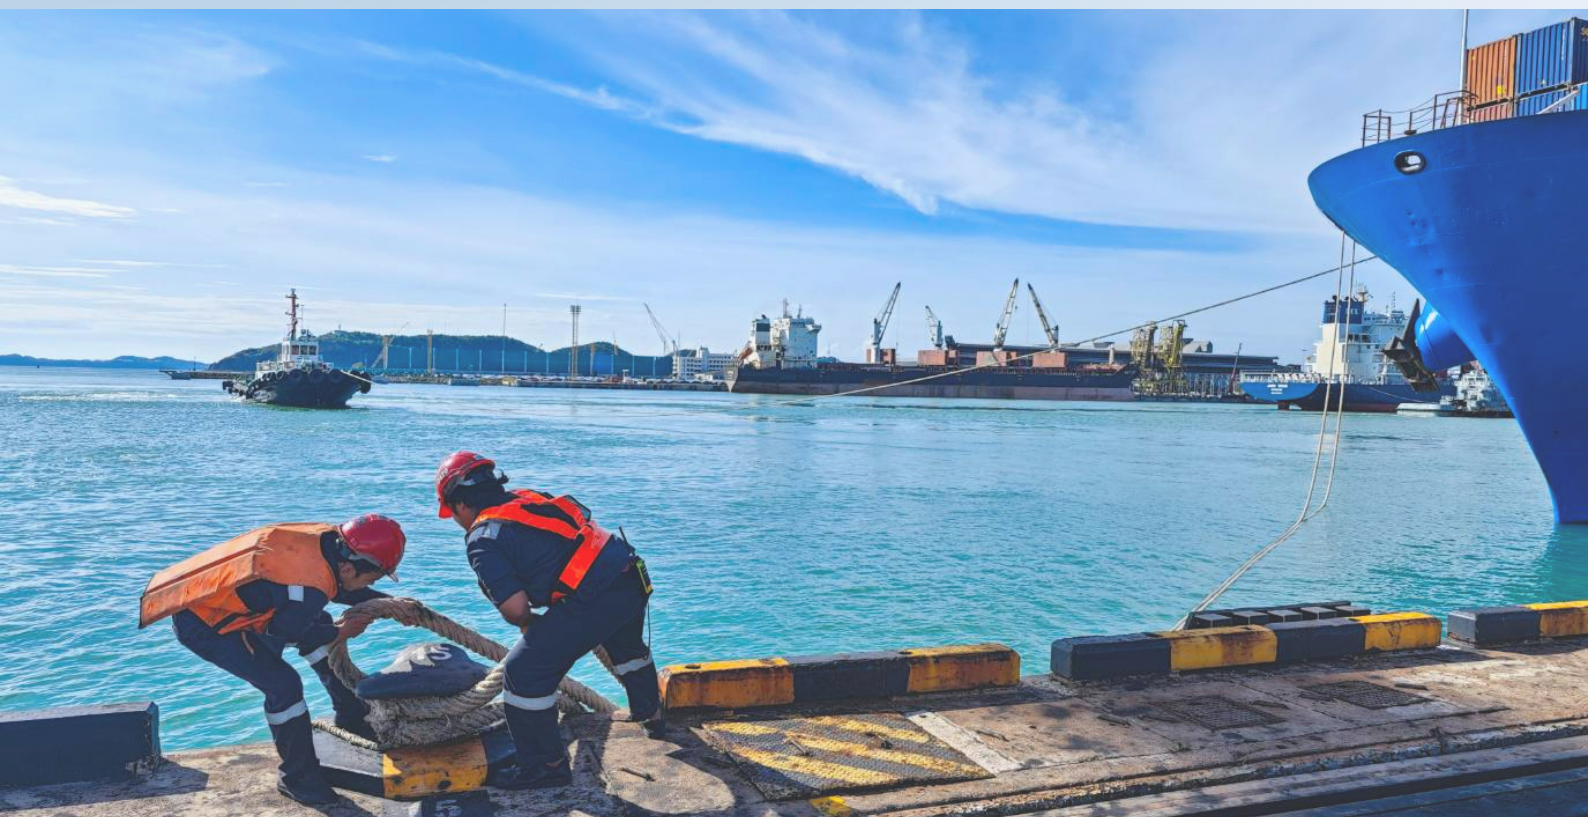

LASCON provides professional bunker survey services for truck-to-ship and ship-to-ship bunker operations. Our experienced surveyors ensure accurate fuel quantity verification through reliable measurement, transparent reporting, and operational support to help minimize discrepancies and operational risks.

Our Services

■ Mooring Gang Service:

LASCON provides professional mooring gang services to support safe and efficient vessel berthing operations. Our experienced mooring crews are trained to handle docking and undocking procedures with precision, coordination, and strict adherence to safety standards, ensuring smooth port operations and minimizing operational risks.

Our Services

Under Water Inspection:

LASCON provides professional underwater inspection and diving services performed by experienced and qualified diving personnel. Our services include underwater hull inspection, barnacle and marine growth removal, hull cleaning, condition assessment, and underwater repair support to help maintain vessel performance, operational safety, and compliance with maintenance standards.

Our Services

General Ship Supply, Provision:

LASCON provides reliable general ship supply and vessel provision services tailored to meet the operational needs of vessels and marine crews. We supply fresh provisions, frozen food, bonded stores, spare parts, and marine equipment with a strong commitment to fast delivery, product quality, and competitive pricing to ensure smooth and efficient vessel operations.

Crew, Pilot Transportation Services

Maritime Operational Consultancy:

- **Operational Support**
 - Port coordination
 - Bunker operation support
 - Vessel fresh water supply coordination
- **Compliance Support**
